

Cedar Court  
*care home*

sharing minds and hearts

## *Your new home*

Cedar Court is a purpose-built care home offering elderly residential, nursing and dementia care. Cedar Court has been furnished by our professional team to an exceptionally high standard, providing elegance and comfort.

We believe Cedar Court is your home and we like you to treat it exactly like home. There are no fixed visiting hours so friends and family can come and see you at any time. You decide what you want to do and when to do it, just as you would at home and when help, support and care is needed, that's fine too.

## *A team that really cares*

The homely feel at Cedar Court is created by our staff. Our team have been carefully selected not only for their professional ability but also for their commitment to truly making a difference for the people in our care.

Our team of Registered Nurses and carers provide round-the-clock care and support for each resident according to their individual needs.

We look beyond age and see a lifetime of experience, knowledge and memories which can be cherished and shared within the community of Cedar Court.

## *The right home for you*

Making the right choice is essential when selecting a home and there are many factors to consider. What is important is for you to feel at home in comfortable surroundings and to be confident in the professionally structured care.

You will have your own spacious room with en-suite facilities and we will do everything possible to make sure you feel happy and relaxed. Often we feel most at ease with our personal belongings around us, so we invite you to bring small items of furniture, ornaments, pictures, photographs and special mementos to make it your home.

The team at Cedar Court have much experience in understanding the needs of the residents in our care and on arrival at Cedar Court we will introduce you to our team who will assist you whilst you settle in. You are welcome to hold a house warming tea party in our 'Tea Cups' tea room or Bistro and invite family and friends to see your new home.

Cedar Court offers a range of services for permanent and respite stays as well as a convalescence suite.

## *Activities, hobbies and trips*

We expect you to be able to do just about anything you enjoyed at home and if you would like to, a little more.

Many of our residents find they can rekindle old hobbies and interests and an active residents committee gives everyone a chance to make suggestions on anything from menus to entertainment and outings. Working with the committee, our activities co-ordinator ensures that there is always something of interest going on, including gardening, cinema in our screen lounge, board games, outings or simply sharing memories. We have our own transport for trips to local places of interest several times a week.

Just how involved you want to be is entirely up to you, and for those who prefer, it is easy to find a quiet spot to read a good book from our selection, listen to music, or simply relax in the garden.

## *Gardens*

The stunning landscaped gardens have been designed to soothe and stimulate by a Chelsea Flower Show Gold Medal winner. The gardens feature both architectural and soft landscaping and provide the perfect backdrop for entertainment and parties that are regularly enjoyed at Cedar Court during the summer months.

Relaxing in our beautifully landscaped gardens, created by a Chelsea Flower Show Gold Medal Winner is a popular pastime for our residents who simply want to enjoy the tranquil setting.

## *The library*

The Keats Library boasts a fine collection of novels, reference books and contemporary fiction to ensure that every taste is catered for. A wide range of board games can also be enjoyed in this peaceful setting. Wi-Fi is also available for those who wish to use the internet.

## *The General Store*

The authentically designed General Store is a reminder of those golden days when a visit to the local shop was as much about socialising as it was about buying groceries. The store is decorated with vintage posters and opens daily. Residents can pick up a few essentials as well as indulge themselves a little with the many traditional treats on offer.

## *Pampering*

We believe it's the little things that make all the difference. The Cedar Sanctuary provides small indulgences including professional hairdressing, manicures, pedicures and light massage that add to the overall well being of our residents.

## *The dining experience*

Our homemade dishes are prepared by our professional chef who delights in serving traditional food for the elderly taste and palette. We use fresh, natural produce for all meals and each day we serve morning coffee with biscuits and afternoon tea with delicious homemade cakes. Snacks too are available during the day and we are happy to accommodate any special dietary requirements.

We don't always expect residents to eat in the dining room. Breakfast in bed may be an irresistible way to start the day. On a fine day dining outside in the garden may be your preference. It's your choice.

## *The Bistro*

It is important for everyone to keep in touch with their family and friends and on special occasions residents can host private parties at The Bistro where catering can be provided. The Bistro is also the perfect setting for informal gatherings where everybody can enjoy tea and homemade cake.
